**"MONEY IS ESSENTIAL IN OUR LIVES"**

How many times have you dreamt about being rich?  
And how many plans have you imagined for a huge amount  
of cash?

Nowadays we are all worried about money, in fact,  
we even choose one job or another for the salary we  
would earn. We spend most of the time splashing out  
money and we always want more. Of course,  
without money we wouldn't be able to live, we  
need it so that we can eat, live in a house,  
have an education...

However, there are people who find freedom without  
money. They don't need it, they don't have to  
worry if they can't afford something because they  
all live in communities and help each other.

Money rules our ~~live~~ lives, which is making  
the gap between the have and the have-nots grow  
bigger, and make our world unhappy. We should learn  
not to depend so much on money.
